

Paradise Recycling B.V.
W.I. Compagniestraat 41
Willemstad, Curacao

July 15, 2024

To whom it may concern,

Paradise Recycling is a company based in Curaçao that specializes in the collection, purchase, and brokerage of cardboard and paper. We have been exporting wastepaper to our trusted clients for recycling purposes since 2017. We export about 200,000 kgs of wastepaper (cardboard, newspaper, and office paper) per month out of Curaçao. Additionally, we collect and export these materials out of Bonaire and Aruba.

I recently came across the Strengthening Sustainable Earning Capacity subsidy program, and we would like to know more about it and apply if possible. We hope to receive some additional information regarding this program.

Our contact information is below.

Thank you!
