

Input to the internet consultation subsidieregeling Versterking duurzaam verdienvermogen ACS en BES.

25-07-2024 DCALFA

DCALFA explained.

DCALFA - Dutch Caribbean Agriculture, Livestock and Fisheries Alliance is a partnership between officials from Aruba, Curacao, Sint Maarten, Bonaire, Saba and Sint Eustatius who are involved in agriculture, livestock and fisheries. The partnership was formalized under an MoU with the aim of promoting cooperation in the fields of agriculture, livestock and fishing between the six islands.

The primary objective of DCALFA is to strengthen the agricultural, livestock and fishery sectors on the islands and enhance sustainable food security.

Input subsidieregeling Versterking duurzaam verdienvermogen ACS en BES.

- To what extent will the islands be involved in the decision-making process? Will they be consulted?
- Will there be representatives on the advisory committee?
- Will the islands be consulted before the grant decision has been made?
- How will proposals be assessed against the existing policies on the islands
- Who will do ground oversight? The evaluation on site.
- Can each island establish their own national committee?
- Is the reaction made public?
- What role can DCALFA play?
